** **Note:** the Work Unit number may not necessarily relate to numbers shown in the NTDB MapIndexes Feature Dataset, and may be designated according to non-standard geographical extents, in accordance with the Project File instruction. Work Areas/Packages may be named on a regional area or thematic basis, and differ to those already existing in the MapIndex Feature Dataset.*

Production Notes

Production Notes should now reside in the geodatabase itself, and not as a separate document. The **ProductionNote Points** Feature class should be populated with this information, and a relevant attribute item named **ProductionComments** is provided in this Feature Dataset for this purpose.
